Make It Hapin Joins Starve Ups 2019 Cohort

Portland, OR: Make It Hapin was accepted into the 2019 cohort of Starve Ups, Oregon's first startup accelerator. As a member of Starve Ups, Make It Hapin will receive support in peer mentorship, networking, partnerships, and fundraising. Make It Hapin joins an impressive list of Oregon-based businesses and founders within Starve Ups.

"We are thrilled to be joining the Starve Ups family of amazing startups and founders. Our membership in Starve Ups is a significant asset to our company," said Veronica Lieberman, CEO. "Starve Ups has a huge support network that we are looking forward to utilizing as we grow and scale our business. We'll be working closely with the other extremely talented founders in our cohort to support each other as we propel our businesses into growth."

Unlike traditional accelerators, Starve Ups is an end-to-end accelerator, or "scalerator" which mentors member companies from the moment they join through their exit. Make It Hapin will also play an active role in providing peer-to-peer mentoring within the Starve Ups community.

About Make It Hapin: Make It Hapin is an online personal shopping service that combines technology and the irreplaceable human element to create a shopping experience that's truly unique. When you send us an inspiration image, you'll be paired up with your very own personal shopper who will present you with matching options within 24 hours. Once you've given your approval, we process the checkouts on your behalf and have them sent right to your door. Visit makeithapin.com to learn more.
